

# Tram Grade Separation Projects

## Marion Road and Cross Road Level Crossing Removal Project

### Temporary Cross Road closure

**We're raising the tram line over Marion Road and Cross Road to get traffic moving**

This notice provides information about temporary closures of Cross Road during August and early September 2025.

### What's happening

To keep everyone safe a portion of Cross Road will be temporarily closed for piling works for the support columns for the overpass, old track removal, light and traffic signalling activities, water service relocations and vegetation removals.

Cross Road will be closed between Herbert Street and just west of the tram crossing **at night only. Closures will be in place between 9pm and 5am, each night from Friday 29 August through to and including Wednesday night 3 September 2025, weather permitting.**

For further information on the phases to construct the overpass, please view our Marion Road and Cross Road Overpass - Fact Sheet and animation on the website [tgsp.sa.gov.au](https://tgsp.sa.gov.au)

### How this affects you

To keep everyone safe speed and lane restrictions with detours will be in place, see detour map overleaf. Please follow the onsite signage for detours and the instructions of traffic controllers.

Pedestrians and cyclists are advised to take care when travelling through the area. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or local detours if required.

There may be noise during construction as we undertake certain activities, and we will do our best to minimise impacts where possible. We appreciate your co-operation and patience while these important works are undertaken.

#### Night works times

9pm -5am

#### Where

Cross Road between Herbert Street and just west of the tram crossing

If there is a need for short-term property access impacts, we will contact you directly in advance.

There will be further temporary closures on Cross Road and Marion Road at night and on weekends throughout the duration of the project. This is so that we can safely carry out work activities to construct the overpass. We will always provide advance notice of these closures.

Bus services may be impacted during the closure. Please observe bus stop signage and visit [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au) for the latest information.
