Dog on Leash Areas

Section 5.1 of By-law 5: Dogs states:

A person must not allow a dog under that person's control to be or remain: on local government land or public place to which the Council has resolved that this subparagraph applies.

Council resolved this requirement applies to all local government land where a sign is erected identifying the area as requiring dogs to be on a leash.

This means that in the locations where a sign is in place stating that dogs must be on a leash, then all dogs must be on a leash in that area at all times.

Dog Free Areas

Section 4.1 of By-law 5: Dogs states:

A person must not on any local government land to which this paragraph applies allow a dog in that person's control to be in or remain in that place unless the dog is an assistance dog.

Council has resolved the application of paragraph 4.1 to a number of locations within the Council area. These locations are listed below.

The effect of this decision is that a person must not allow a dog under their control to enter or remain in the listed locations (unless the dog is an assistance dog).
